## Design and Order Process:

**1**  
**OPTION**  
We work with the AD/Coaches on the final artwork/design for the gloves, once approved we receive the Qty and sizes for the order to go into production. The gloves take 45-50 days to ship direct to the coaches and they can distribute the gloves out to the kids.

**2**  
**OPTION**  
We can setup a webpage and send the AD/Coaches a School Shop link and they can send that out to the kids & parents. Kids and parents can go to the webpage and place their order. After 2 weeks of ordering everything into production. When we get the gloves in 45-50 days we label each glove with the kids names, repack and ship them to the coach. The coach simply hands out the gloves to the kids.

## Added Bonus

- we make non-branded Football receiver gloves in nine (9) color combinations with sticky palms for practice use so the kids do not have to use their "Gameday" gloves for practice.
- The average high school football player will go thru 2-4 pair of football gloves per season so we want to make sure the "Gameday" gloves look great for "Gameday". Scale Wear offers a 30% discount on any of our practice gloves. We have both un-padded and padded receiver gloves. No Min Qty.
